The Commissioner may be informed that the figure 2 for 6 in the last line of Clause 4 of the rules referred to is a clerical error - Rule 6 should therefore be substituted in his place for Rule 2 - and his correction made in all his copies of the rules in question -

As his practice of granting an exemption of 2 annas in the rupee of the duty now in force in all the Districts of the province pending the appeal decided upon was not one made in this form of License and it was not one of the conditions of the Contract, Col Clerke may be requested to forward such explanations as he may deem necessary in detail in reference to the circumstances of the Division

Nagar Division Commissioner's Office
Shimoga 26th October 1874

To
The Secretary to the
Chief Commissioner
of Mysore

Sir,

With reference to the Chief Comm.rs Proceedings No. 5063 dated 12th Instant directing the abolition of certain Distilleries in this Division from 1st April 1875, I have the honor to state that clause 11 of the draft License therewith received for wholesale vendors of arrack, directs the levy of Rs. 24 yearly as license fee for a wholesale shop, while in the latter part of para 2 of the Proceedings, Rs. 2 per quarter or Rs. 8 a year are directed to be levied. The draft license will have to be altered accordingly; and I take this opportunity of suggesting to the Licensee that some further additions may be made with advantage.

1st/ That according to para 2 of the

Proceedings, a clause may be added stating that a discount of 2 annas in the rupee of Still head duty will be allowed on all quantities in excess of 20 gallons taken by the wholesale vendors from the Sudder Distillery.

2ndly a clause stating that (vide clause 4 of para 2), the wholesale vendors should sell arrack to retail vendors at an advance not exceeding 2 annas per gallon on the Still head duty and the price at which Spirits are issued from the Distillery.

2.- As no rate is fixed at which the Distillers are bound to sell arrack to the wholesale vendors, it is possible that by combination, the wholesale vendors may sell at a higher rate than that contemplated above; but this may be obviated by requiring the Supervisor to send in a daily account to the District Office showing the price at which the Distillers sold arrack to the General wholesale

vendors.

order thereon.

The figure 2 in the last line of the 4th clause in para 2 of the order referred to is a clerical error and Rs. 6 should be substituted in its place.

2. As the practice of granting a remission of 2 annas in every rupee of the still head duty is not in force in all the divisions of the province, provision to that

✓ on all quantities in excess of 20 gallons taken out by Wholesale vendors

effect was not made
in the form of Licenses
forwarded to the

was drawn up with
a view more to
the circumstances
of the Provinces generally.
Col. Clerk is however
ever requested to
make such additions
in the form as he
